<b>CRITERION I – CURRICULAR ASPECTS</b>						
<b>1.1 Curriculum Planning and Implementation</b>						
1.1.1 Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words						
<p>Planning and implementation of the curriculum by the college is done most effectively by introducing students and stakeholders first to the larger mission and the wider vision that defines the particular purpose which the college stands for and seeks to promote. The objective of the college is to fulfil what it has envisaged by providing quality education which will enable students to become educated, responsible citizens and realise their position in the society as independent person. The use of learner-centric methods are meticulously planned; academic calendars, teaching modules are framed to ensure that lectures are of high quality and meet the time schedule.</p> <p>The college follows a well-structured procedure in order to ensure effective delivery of the curriculum designed by the University of Kalyani. The final academic plan is incorporated into the academic calendar which is based on the academic calendar provided by the University and is then circulated to all the stakeholders. The academic plan is prepared by taking inputs from all the faculty. This plan is prepared by having discussions in the IQAC, and procedural academic sub-committee meeting held in the beginning of each session. The head of the departments distribute the syllabi among its faculty members and monitors the implementation and progress of the academic plan. The feedback is taken from all the stakeholders regarding the curriculum implementation of previous year and later it is incorporated into the academic plan. Feedback from the students is also taken by the HODs in the course of delivery of the curriculum. If a faculty fails to finish his/her syllabi within the stipulated time, extra classes are arranged by the respective departments for the benefits of the students. Tutorial classes have been initiated for the students to complement the courses taught in regular classes. Remedial classes have also been initiated for the students who are academically as well as financially weak.</p>

Our mentor-mentee counselling classes are taken at-least twice in each year by each department. First one is held at the end of 1<sup>st</sup> mid-term test during first phase of academic session i.e.; during end of November to the month of December. Latter is held at the end of second mid-term test which usually has taken during end of April of second phase of each academic session. However a central counselling of students of First Year B.A.,B.Sc. and B.Com of current academic session is conducted by college authority through verification of their candidature at the beginning of each academic session. Some department communicate regularly with the guardian over phone and inform them about the performances of their ward. As earlier we have mentioned that majority of our students come from low socio-economic stratum, so their parents are engaged in collection of earning bread. They don't have enough time to appear in parent –teacher

**2.5.2 Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)**

- Our first step to uphold a Continuous Internal Evaluation (CIE) system at the institutional level is to constitute different committees to supervise and monitor evaluation activities of the college. Each committee is headed by a convenor ( . e.g. Examination committee - Part I ,Part II, Part III, Academic Committee).Each committee is assigned with the task of conducting the different examinations.
- However as students of Third year honours have less time span to complete their scheduled syllabus, so for them single mid-term term test has been prescribed during month of December of academic session.
- Some Department ( like Geography, Commerce, Economic, Mathematics) conduct practical examination for their honours student as it is scheduled by the controller section of examination of University of Kalyani . Entire processes are scientific and transparent.
- Various academic interactive programmes like Quiz, debate, student seminar, drawing and poster competition on current affairs, project report on environmental studies, field-study, survey and workshop reports etc. are organized to assess the performances of students.

## **Best Practice-2:**

### **Best Practices on On-line Admission Procedures:**

#### **Objectives:**

Online Admission Process has been initiated from the academic session 2013-14, appear as very successful in reducing errors, manual labour and making admission system easy. In spite of the initial reservations, the Online Admission Process has turned out to be a complete success. This has indeed lessened the rigorous labour involved in the offline process.

After many deliberations, debates and discussions, the On-line admission process finally started its journey in 2013-2014 academic sessions. In this Process, all admission related notifications are uploaded in the college website. As soon as the results of different 10+2 examinations are published, the college notifies of the dates in which the applicants can submit the online application forms. Forms can be submitted only on-line in the college website [www.berhamporecollege.in](http://www.berhamporecollege.in). After submitting the forms on-line and taking prints of the “challan” copies the applicants have to pay the requisite fees at any branch of the designated bank (State Bank of India). The technological side of this online admission process is maintained by a competent outsourced agency (Vertitect Technology). Necessary helpdesks are provided in the college campus both by the Students’ Union. The Admission Committee monitors the entire process. The entire Merit Panel is prepared Online. Entire admission process with necessary counseling is also maintained online.

#### **Evidence of Success:**

In spite of the initial reservations, the Complete Online Admission Process has turned out to be a complete success. This has indeed lessened the rigorous labour involved in the offline process. The entire process has become smoother with less requirement of human-power. It has also become less time consuming for both the staff and the students.

#### **Problems Encountered and Resources Required:**

Initially, there were reservations from all quarters, about turning the all-important Admission Process completely online. It was argued, not without some justification, that students in remote areas cannot access internet and hence it would not be advisable to turn the entire admission process online. However, it was decided in several meetings, both with the staff and the student representatives that if helpdesk facilities can be introduced in the college, then this problem can be minimized. Moreover, it was argued that, if the students can come to the college to collect and submit forms then they could also move to any cyber-cafe in the city to access the internet. The Help Desk facilities are made available in college campus. Contract is also made with the State bank of India, so that applicants can submit the

application fees to any branch of the bank.
