Consolidated Report on Parent-Teacher Meetings Conducted by Various Departments

As a good practice, the academic departments of Berhampore College organized Parent-Teacher Meetings (PTMs) during the period from 10th May to 20th May 2026. A total of ten departments conducted the meetings on different dates within the stipulated period to facilitate meaningful interaction between teachers and the parents or guardians of students.

The meetings were organized with the objective of strengthening the partnership between the institution and the parents, enhancing communication regarding students' academic progress, and promoting their overall development. Parents and guardians were invited by the respective departments to participate actively in discussions concerning the academic performance, attendance, discipline, and well-being of their wards.

During the meetings, Principal and the Heads of the Departments and faculty members welcomed the parents and briefed them about the academic environment of the college, departmental activities, examination system, mentoring mechanism, and student support services. Individual interactions between teachers and parents enabled detailed discussions on each student's academic achievements, attendance records, participation in classroom and co-curricular activities, and areas requiring improvement.

The faculty members emphasized the importance of regular attendance, punctuality, continuous learning, timely submission of assignments, and active participation in seminars, workshops, extension activities, NSS, NCC, sports, and cultural programmes. Parents were also informed about the various scholarship schemes, career guidance initiatives, internship opportunities, skill development programmes, and counselling facilities available in the college.

The meetings provided an excellent platform for parents to express their views and offer constructive suggestions regarding teaching-learning practices, academic support, infrastructure, library facilities, digital learning resources, and career-oriented programmes. Parents appreciated the sincere efforts of the faculty members and expressed satisfaction with the academic environment and student support initiatives undertaken by the college.

Berhampore College

The discussions were highly interactive and productive. Faculty members addressed the concerns raised by parents and assured them of continuous academic guidance and mentoring. The suggestions received from the parents have been documented by the respective departments and will be considered by the Internal Quality Assurance Cell (IQAC) and the college administration for further improvement of academic and student support services.

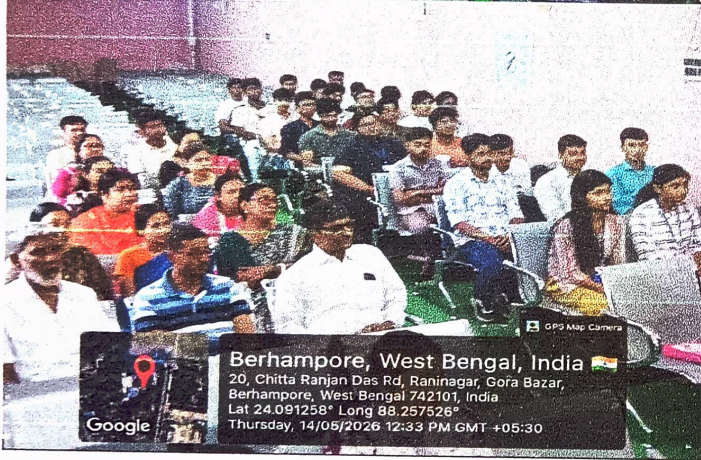

Overall, the Parent-Teacher Meetings were conducted successfully across all ten departments and witnessed enthusiastic participation from parents, teachers, and students. The meetings significantly strengthened the communication between the institution and the families of students, promoted greater parental involvement in higher education, and reinforced the collective responsibility of the college and parents in ensuring the academic success and holistic development of students.

Berhampore College remains committed to organizing such interactions regularly as part of its quality enhancement initiatives and student-centric educational practices.
